"We added this place to our field trip and it did not disappoint. My scholars loved the views of the city. The clear unobstructed views were beautiful to see."

"This was one of the stops on our Fun Time Tours 1-day Summer Mystery Trip. When I arrived I was met by Nzinga who was looking for us as we had made advance reservations. She answered all my questions and pointed me in the direction I needed to take my group. As it was my first time visiting here, I was impressed how friendly & helpful everyone was. After lunch at the adjacent food court we headed around the head of Ben Franklin for the elevator to the top. What a view from the 57th floor!! It was a gorgeous day and we could see for miles. The interactive displays were great and the tour by Dan was most informative. There was seating available since we were up there about 45 minutes to an hour. Thanks to all the staff for their kindness to my tour group. We were all grateful and enjoyed our visit. Thanks for demonstrating the City of Brotherly Love!"

"Great experience heading up to the top, very nice staff, kids loved seeing all of Philly on their own time. We took great pictures and had a blast! Definitely take the green screen photos. Good for families."

"When I first stepped off the elevator, I thought I wouldn't like being up that high. I was wrong, it was such a fantastic experience! The whole observation floor is setup so beautifully. I was so amazed at the floor to ceiling windows, all windows! You can see from the south all the way into Delaware! And from the east across a lot of New Jersey! Everyone on the staff was so friendly and very knowledgeable about the city, also they were such a joy to chat with. My visit went totally beyond my expectations!"

"Even being overcast, the views were stupendous. I can't wait to return in the spring to see how the view changes. Very clean, staff was extremely pleasant. Very impressive."
